Mr. John Silva
Moran Environmental Recovery, LLC
75D York Avenue
Randolph, MA 02368

Dear Mr. Silva:

Enclosure (1) is the contractor performance evaluation for work performed under M20010 to remove pollutants from the F/V TRITON in Safe Harbor Marina after a fire. All performance evaluations are reviewed at a minimum annually when the Basic Ordering Agreements (BOAs) are being updated and the information contained therein may have bearing on whether the Coast Guard will renew or continue a contractor's BOA.

Based upon the scoring system, an overall evaluation rating of "**Outstanding**" has been given in regards to your performance on this case. You have 30 days from receipt of this letter to submit comments, rebutting statements, or additional information. If no response is received, it will be considered that none exist. If any comments are received, they shall be reviewed by the Contracting Officer to consider disagreements between the parties regarding the evaluation. The ultimate conclusion on the performance evaluation is the decision of the Contracting Officer.

If you have any questions regarding this evaluation, please contact the Contract Specialist, Thomas Auler, at the telephone number or address above or myself at (757) 628-4118.

Sincerely,

A handwritten signature in black ink that reads "Gerard E. Hendricks".

GERARD E. HENDRICKS
Contracting Officer
